- Annual FEMA grant
- Federal Vs local funding cycle
- Local Support funding

### Process Plan

### Outreach Plan

#### Phase I

Present through establishment of start dat

- Publicize and notify stakeholders of approval by FEMA regarding SARA's status as LOMR delegate
- Explain SARA's new role
- Describe benefits/advantages of new process
- Provide program contact information

#### Phase 2

Approximately 1-2 months prior to start date

- Notify stakeholders of SARA's official start date for case review
- Provide new submittal details (address, point-of-contact, etc.)
- Reiterate SARA's role as LOMR delegate and explain benefits to stakeholders

#### Phase 3

Continuous outreach after start da

- Distribute information regarding MT-2 process changes
- Conduct training workshops based on need/interest (processing; modeling, etc.)
- Provide program status updates

# Brochures & Training

#### WHAT TO SIEMT

A CLOMR or LOMP request should include the applications forms along with the appropriate supporting information. The submittal should include the following:

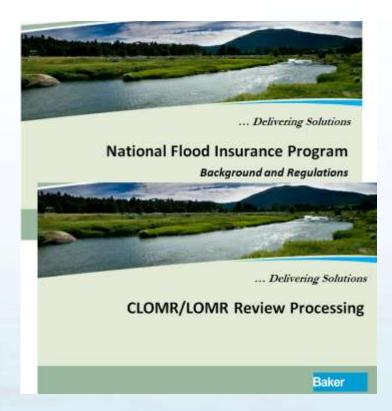

- f. Completed application forms
- 2 Detaker rescription of project.
- Michologic computations of applicables along with the signal title of computer models used
- Mydisolic computations of application along with the algebra littles of computer models used.
- Contilled Copposition (may with Boospiele and Boodway of applicability delimentates
- Annialed PRIVID select charges due to project /PRIVIC can be antiend on doe of Alto 100 on recibina you?
- 7. CLISSRS will aureorated ESA Comprisons
- Additional flowers are second to contact any
  APP regulatory requirements.
- 1 Annual despresal
- Submit both the application package and applicable free Inpartier to the Salawing address:

San Artesto River Authority Attr. Whoreshed Engineering Days. P.O. Box 830900 San Artesto. Texas 1020-0000

Pre-Federal LOMR Review		
Checklists and Completeness Review	75	×
Technical Review (models, mapping, topo)		
Meeting to discuss case at completion of review (if needed)		×
Completeness Letter/Email Correspondence		×

# Recap

- Serious Commitment
- Process & Outreach Plan
- Local Support Investments

#### Win-Win!

#### **FEMA**

- Local ownership of risk
- Enhanced partnerships
- Lower cost due to improved case quality & faster reviews

#### Local CTP

- Local control of risk
- National recognition
- Faster case reviews
- Increased risk awareness
- Community service
