

The background of the slide features a modern architectural scene. On the right side, there is a large glass window or wall of a building, showing a reflection of the sky and some structural elements. In the foreground and middle ground, a staircase with a metal railing is visible, leading upwards. The overall color palette is light and airy, with various shades of white, light gray, and pale blue, creating a clean and professional aesthetic.

Regional Public Works Program Update

2016 Public Works Roundup
Samantha Lamanna

Construction Standards

- Anticipated release date: October 2016
- **Will be available for purchase online as a PDF. Costs TBA.**
- Construction Standards Subcommittee has reviewed 3 out of 5 groups' edits.
 - *Groups are working to revise their edits based on comments.*
- **Public Works Council has reviewed 1 out of 5 groups' edits.**
- Public comment period will occur prior to release and final adoption by the Public Works Council and NCTCOG Executive Board.

Sustainable Public Rights of Way (SPROW)

- SPROW will focus on education, and will continue to support SPROW Education Forums.

integrated Stormwater Management (iSWM)

- Continuous outreach to City Managers and City Council members through “Benefits of iSWM” meetings.
- Issuing an RFQ to procure for iSWM consultant in summer 2016.
 - *Contract will begin at the start of FY2017.*

integrated **Stormwater Management**

Pavement Analysis Services Procurement Update

- **Subject matter experts met in July 2015 to discuss feasibility of shared services contract.**
- **Attendees at 2015 Roundup indicated by a survey that they may be interested in participating in this shared services contract.**
- **Subject matter experts assisted in drafting a procurement document to release to procure these services.**
- **RFQ was released on March 1st.**

Pavement Analysis Services Procurement Update (cont'd)

- Submissions were due April 19th.
- **After vendor selection, municipalities will be able to contract with the vendor for pavement analysis services from a menu of options.**
 - Options include: sidewalk data, ADA ramp data, photos of signs, PCI scores, budget estimates, pavement rehab plan, and more.
- **Overall goal of project: decrease costs for municipalities interested in doing pavement analysis by procuring as a shared service.**

Utility Coordination

- As requested by the Public Works Council (PWC), we are reaching out to utility companies, and bringing them to our PWC meetings.
- Have met with AT&T, Atmos, and Oncor.
- **Goals of these meetings:**
 - *to increase coordination between utility companies and municipalities, and*
 - *to discuss issues and work towards improving those issues.*

Cost Shares

- Cost shares will remain the same as they were in FY2016.
- Commitment Response Forms will be sent out at the end of June or in July by email.
 - *Please contact me if you need your cost share or form sooner.*

FY 2017 Additional Activities

- Public Works Council voted on additional activities for the FY 2017 Work Program.
 - *NCTCOG will continue to perform ongoing activities integral to the Public Works Program.*
- Training for Contractors and Training for Public Works staff were chosen as the additional activities to focus on.
- Trainings will be developed by Public Works Council members and other volunteers.
