

Bicycle and Pedestrian Advisory Committee Meeting

OCTOBER 21, 2009

3:15 PM – 4:30 PM

NORTH CENTRAL TEXAS COUNCIL OF GOVERNMENTS
616 SIX FLAGS DR, CENTERPOINT TWO
ARLINGTON, TX 76011
TRANSPORTATION COUNCIL ROOM

Please join NCTCOG as we welcome two guest speakers for the October BPAC Meeting. From the City of Richardson, Dave Carter will be presenting on the advancement of the City of Richardson Bicycle Route Masterplan. In addition, Max Kalhammer, from the City of Dallas, will be presenting on the relevant traffic control and safety treatments in the MUTCD, and the graduated measures that the City of Dallas is beginning to implement at mid-block road crossings and various other locations. Don't miss all of this and more at the last BPAC meeting of 2009.

FREE MUTCD WEBINAR FROM 2:00 PM – 3:00 PM

Come early and listen as APBP examines the process by which new and modified signs, pavement markings, signals, and other traffic control devices are added to the Manual on Uniform Traffic Control Devices (MUTCD). This summary will focus primarily on the experimentation and research process for new devices, but will also include information on some of the traffic control devices that are currently being evaluated in various jurisdictions around the country using this experimentation process.

ATTN: If you are interested in attending this webinar, please RSVP immediately, as space may be limited.

For additional information or questions, please contact Deborah Humphreys at dhumphreys@nctcog.org or (817) 608-2394.
