

## Appendix D

### Environmental Clearance Projects

Appendix D contains a list of projects that are not planned for construction within the four-year time frame of the Transportation Improvement Program (TIP) but are referenced in the current TIP to allow engineering, feasibility, environmental clearance, or other pre-construction/project development efforts to continue. Most of these projects are preliminary, do not represent any commitment of construction funding, and are strictly intended to pursue environmental clearance and early project development activities. Consistency with the Mobility Plan will be reexamined as alternatives are explored in these studies and environmental clearance efforts.

## Appendix D

### Environmental Clearance Projects Fort Worth District
