- Please conduct these counts **on two of the following three days Tuesday, Wednesday, or Thursday. (Three days would provide better data if counted)**
- Please **do not conduct these counts on Mondays or Fridays.**
- Before asking your students to raise their hands, please **read through all possible choices** so they will know their choices. Each student may only answer once.
- Ask your students as a group the question **"How did you arrive at school today?"**
- Then, reread each answer choice and record the number of students that raised their hands for each. **Place just one number in each box.**
- Follow the same procedure for the question **"How do you plan to get home after school?"**
- You can conduct the counts once per day but during the count please ask the students both the school arrival and departure questions.
- Please conduct this count regardless of weather conditions (i.e., ask these questions on rainy days, too).

Step 1.

Fill in weather conditions and number of students in attendance.

Step 2.

AM - "How did you arrive at school today?" Record the number of hands for each answer.
