Discussion on P2 Task Force Format Change

- With a strong interest in webinars and trainings as the special project for the work program, would the group be open to transitioning to a Roundtable format?
- A change in format would mean:
 - Allows for continued trainings, webinars, and roundtables without the requirement to complete a special project for the work program each year.
 - Special projects could still be suggested each year, and with RSWMCC approval, conducted.
 - Allows the focus of P2 to be on presentations and trainings, such as the Show and Tells.
 - Need to get approval by RSWMCC to make transition.

Discussion on P2 Task Force Format Change

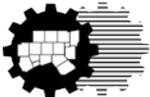

Things to consider for a format change to Roundtable:

Desired Roundtable Frequency?

- Quarterly
- Three times annually
- Biannually
- Other?

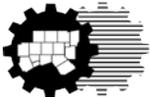

Desired Format?

- Peer-led on volunteer basis
- NCTCOG coordinated speakers
- Site Tours or Mock Inspections remain as annual option
