

# Free One-On-One Texas Energy Reporting Technical Assistance

Did you know that **political subdivisions, state agencies and institutes of higher education** in **ozone nonattainment or near nonattainment counties** in the state of Texas are mandated to:

- Establish a goal to reduce electricity consumption by at least **5 percent** annually for 7 years beginning September 1, 2019
- Submit a report annually to the State Energy Conservation Office (SECO) regarding their progress and efforts to meet the 5 percent reduction goal

The North Central Texas Council of Governments (NCTCOG) is offering **free individualized assistance** to entities interested in learning more about the local government energy reporting requirements, how to fill out the annual reporting form, and answer any questions. To learn more about SECO's "Local Government Energy Program" visit: <https://comptroller.texas.gov/programs/seco/reporting/local-gov.php>

**For more information and to set-up a one-on-one meeting, please email**
