8

# HOW GRANTS ARE SCORED

- We follow a system consistent with many government and private funding organizations that deal with a large volume of applications.
- The CJPDC may be divided into teams based on the number of applications to be scored.
- Each team is given a batch of applications to score.

# PSO SELECTION CRITERIA

PSO makes all final funding decisions and will consider NCTCOG rankings along with other factors including eligibility, reasonableness, cost effectiveness, availability of funding, state priorities, and local priorities.

PSO may not fund all applications or may only award part of the amount requested. In the event that funding requests exceed available funds, PSO may revise projects to address a more limited focus.

10

# NCTCOG FUNDING RECOMMENDATIONS

Per PSO, COG advisory committees may recommend a project at a lower dollar amount if a program component is determined to be ineligible, unreasonable, and/or not cost effective.

Requested amounts may also be lowered to accommodate funding allocation.

11

#### NCTCOG FUNDING RECOMMENDATION NOTICE

- This email communication to all CJ-JAG, GVA, JJ-TP and VAW applicants follows TAC language and will include ranking spreadsheets showing which projects are/are not recommended for funding.
- Being "recommended for funding" means your project scored 70 or higher.
- An NCTCOG recommendation for funding does NOT guarantee funding by PSO.
- A score of 70 or higher does NOT guarantee funding by PSO.
- PSO will make all funding decisions.

Don't write a check you can't cash!!

# THESE ARE COST REIMBURSEMENT GRANTS

If your project is funded, you spend your money first, and request reimbursement from PSO via Financial Status Report (FSR).

13

14

#### REQUIREMENT: COMPUTERIZED CRIMINAL HISTORY (CCH) – APPLIES TO ALL APPLICANTS IN ALL PROJECT CATEGORIES

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile criminal history dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the Texas Code of Criminal Procedure, Chapter 66.

**Counties** applying for Office of the Governor grants must commit that the county will report at least 90% of convictions within five (5) business days to the Criminal Justice Information System at DPS.

#### REQUIREMENT: COMPUTERIZED CRIMINAL HISTORY (CCH) – APPLIES TO ALL APPLICANTS IN ALL PROJECT CATEGORIES

Do you submit an application if your county is below 90% at the time of the February  $10^{th}$  due date? <u>YES</u> – your county may come into compliance before grant start date.

Who in your county can help with this? Start with the county judge and/or court offices. COG may be able to help with specific contact persons.

Contact OOG at 512-463-1919 for compliance questions. Contact DPS for technical questions at cjisjjis@dps.texas.gov.

# NCTCOG POLICIES & PROCEDURES

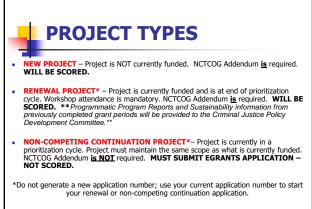

MINIMUM SCORE REQUIRED - A minimum score of seventy (70) is required for a NEW or RENEWAL project to be recommended for funding regardless of funding source. NOTE: This does not apply to CSE applications.

LOCAL FUNDING PARAMETERS – Funding Announcements state "no maximum"; however, each COG may set suggested funding limits.

PROJECTS OUTSIDE COG'S REGION - Funding allocated to the NCTCOG 16county region may only serve the NCTCOG region. Therefore, applicants desiring to serve counties in other COG regions must submit a separate application to that COG and follow the policies and procedures set forth by that respective COG.

EX-PARTE CONTACT - Any form of contact between a committee member and an applicant agency's representative, employee or contractor in which the application or the scoring of the application is discussed is prohibited. Such contact may result in an applicant agency being ineligible for future funding consideration.

22

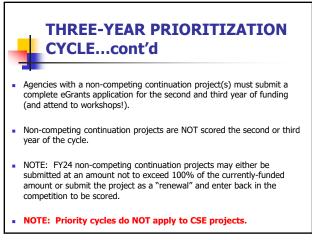

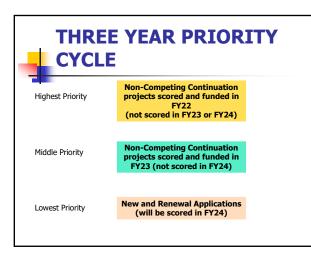

Don't suffer from a grant identity crisis - know your project type!!!

23

# NCTCOG POLICY: THREE-YEAR PRIORITIZATION CYCLE

- Staffing-based projects scored and funded in FY24 will move into a three-year prioritization cycle. These are referred to as non-competing continuations.
- For year two-of-three and year three-of-three the non-competing continuation project will be recommended at an amount not to exceed 100% of the original awarded amount for the remainder of the prioritization cycle.
- Staffing-based projects only: PSO may award a lesser amount to a project due to
  depleted funding at the project's priority list position. In this case, the applicant
  may request the initial CJPDC-recommended amount when submitting that
  project's grant cycle two-of-three and grant cycle three-of-three applications. This
  policy will be applied to the FY23 staffing-based new or renewal projects that
  received a lesser amount, if applicable.

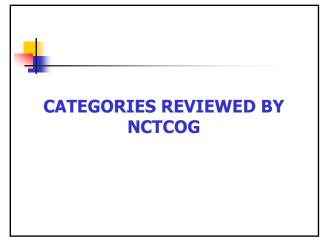

26

38

### **\*\*NEW\*\*** CJ-JAG APPLICATION LIMITS PER CJPDC POLICIES

An agency may submit <u>one new or one renewal non-collaborative</u> CJ-JAG application to be scored <u>and</u> may also submit <u>one new collaborative</u> or <u>one</u> <u>renewal collaborative</u> CJ-JAG project to be scored. (A *non-collaborative* project benefits a single entity or jurisdiction; a *collaborative* project benefits two or more entities or jurisdictions.)

A separate eGrants application and separate NCTCOG Addendum must be created if you go this route. The projects will be scored independent of each other.

EXCEPTION: Distinct local government departments may submit one new OR one renewal AND one new collaborative or one renewal collaborative CJ-JAG application to be scored.

For example, a county's juvenile probation department, district attorney's office and sheriff's office may each submit one new OR one renewal AND one collaborative CJ-JAG application to be scored.

#### CJ-JAG COLLABORATIVE PROJECT INFO

COLLABORATION EXAMPLES: Multi-Jurisdiction Task Forces; a county purchases communications infrastructure that allows linkage with other jurisdictions; crime lab personnel to process evidence from multiple jurisdictions.

NOT REALLY A COLLABORATION: Agency purchases a mobile watch tower and will loan it out occasionally if neighboring jurisdictions need it.

NOTE: Projects \$100,000 and less may also be collaborations between more than one agency. If so, make sure to submit required supporting documentation!

### GVA NON-COMPETING CONTINUATION POLICIES PER CJPDC

- \*\*NEW\*\* Several agencies have GVA components that were scored separately in prior grant cycles and were "off cycle" from each other.
   FY24 GVA applications containing a renewal component AND a noncompeting continuation component will inherit the prioritization cycle status of the most recently-scored component (see Eligible Amounts for FY24 Non-Competing Continuation Projects spreadsheet.)
- If you have a non-competing continuation and wish to request funding for a new, distinctly different project than what is currently funded you must include the new project AND non-competing continuation project within a single GVA application. The NEW, DISTINCTLY DIFFERENT component will be scored.

# VIOLENCE AGAINST WOMEN (VAW) MATCH INFO

- 30% of total project cost. (Non-profits are exempt from match requirement.)
- Matching funds are considered grant funds and may only be used for eligible, approved budget items.
- Matching funds must be acquired during the grant period.
- Donations must be received during the grant period to be eligible for in-kind match.
- If you exceed the match requirement and your project is awarded, you will be held to the higher amount.

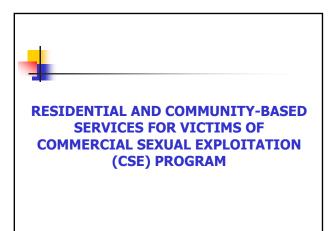

# CALCULATING VAW MATCH

**VAW Match Formula:** Determine the minimum match requirement using the following formula example:

#### \$150,000 request sample:

- Step 1: Determine the Total Project Cost by dividing the Amount of OOG Funds Requested by the % OOG Can Pay. \$150,000 / .70 = \$214,286
- Step 2: Determine the Minimum Match Required by multiplying the Total Project Cost by the % of Match Required.
   *\$214,286 x 30%= \$64,286 required match*

70

71

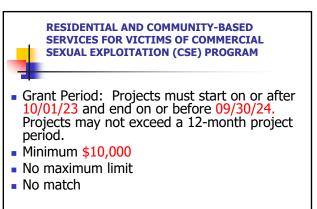

The purpose of this funding is to support programs for children and transition-age youth through age 24 who have experienced commercial sexual exploitation and support their healing through immediate and long-term services.

SPECIAL SCORING PROCESS: PSO will forward CSE applications with a regional or local scope to NCTCOG. Our advisory committee reviewers will give each CSE application a score from 1-5 based on how well the proposed program meets RFA requirements. PSO will take into consideration the COG's score and will make all final funding decisions.

NOTE: Scorers will review ONLY the eGrants application; no NCTCOG Addendum required.

82

# PRE-SUBMISSION TA

- COG will provide TA to interested applicants for new, renewal and/or non-competing continuation projects.

**IMPORTANT:** 

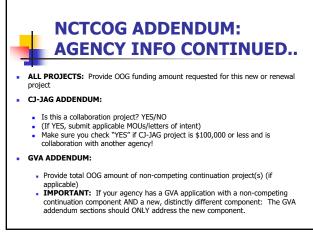

- You will receive an email confirming COG has received your document.
- Identify your agency name in the email subject line.
- Do not send COG Addendum as a pdf file!
- Do not upload Addendum to eGrants

# NCTCOG ADDENDUM: AGENCY INFO

Agency Name

- Project title (must match project title in eGrants application)
- Application # (7-digit number generated from eGrants)
- Location of Agency Headquarters

88

89

In **100 words or less**, briefly summarize the proposed project.

Yes, some scorers will count words to see if you went over the limit!

# NCTCOG ADDENDUM: SUPPORTING DATA (up to 10 points)

Provide at least three (3) years of local, comparable data that demonstrates the problem exists, demonstrates the problem's size and scope, and demonstrates the problem's negative effects on the target population.

All data MUST be cited.

#### HINTS:

- Do not use statewide data for a local problem or national data for a statewide problem.
- Using data from outside sources is helpful; however, your agency's internal data may also be included to support the problem.
- Describe how the data supports the problem to be addressed.
- Make sure data is verifiable and describes local conditions.

91

### NCTCOG ADDENDUM: CAPACITY & CAPABILITIES – AGENCY COLLABORATION TABLE

- Using the table, list no more than five (5) of the most important collaborations that your agency has with other entities in order to carry out this project.
- Collaborative relationships do NOT involve an exchange of funds. Don't list contractors in this table; the reader will see contractor info in your budget.
- If no collaborations are needed, please put N/A.
- This information will be assessed with the Capacity & Capabilities section in eGrants.

NOTE for CJ-JAG: If you check YES for collaboration don't put N/A in this table – you should list your collaborators!

92

#### NCTCOG ADDENDUM: DUPLICATION OF SERVICES (No points assigned for this section)

**In 100 words or less**, describe how this project avoids duplication or overlapping of existing resources or programs available within project's proposed service area and target population.

Remember word limit....!

#### NCTCOG ADDENDUM: SUSTAINABILITY (up to 5 points)

**In 100 words or less**, describe your strategy to sustain this project beyond the grant period.

For equipment or technology projects, describe agency's plan to maintain equipment beyond the grant period (i.e., routine maintenance, repairs, upgrades, etc.)

Did we mention word limit????

94

**In 100 words or less**, if this renewal has an increase in OOG funds from what is currently funded, describe justification for the funding request increase.

Put N/A if this is NOT a renewal project. *or* Put N/A if this is a renewal with NO budget increase.

Look....it's another section with a word limit!

95

# **\*\*NEW\*\*** FOR CJ-JAG NCTCOG ADDENDUM: PATROL VEHICLE INFORMATION (No points assigned for this section)

In 100 words or less, provide the following:

- total number of patrol vehicles in the fleet and how many of those have over 100,000 miles;
- your agency's annual patrol fleet maintenance budget; and
- funding source(s) of your agency's patrol fleet budget (i.e., general funds, other grants, Crime Control Prevention District funds).

(Put N/A if this is NOT a request for patrol vehicles.) Last reminder for word count!

# HINTS FOR COMPLETING THE ADDENDUM

 DO NOT exceed the 3-page limit; DO NOT remove instructional information or change font size / margins / page orientation to give yourself more space.

- DO make sure to use the correct addendum for your program category.
- DO make use of tables, charts and/or graphs in the data section to convey trends and patterns. Data in paragraph format is cumbersome to read through. NOTE: The eGrants Supporting Data section will not allow for tables, charts, etc.; you'll have to describe data in sentence format. This is why COG reviewers use the addendum to evaluate your supporting data.
- All text and tables should be in black/white. Scorers will not receive color copies of your addendum.

NOTE: COG will print your eGrants application for scoring purposes. DO NOT copy/paste <u>any</u> eGrants information into the COG Addendum.

97

# IMPORTANT eGRANTS INFO FOR GVA APPLICANTS

If your GVA application covers a noncompeting continuation AND a new, distinctly different project, <u>please</u> make use of capitalization in eGrants narrative sections to make it easier for reader to discern between NON-COMPETING CONTINUATION components and NEW components.

98

### eGRANTS APPLICATION: PROBLEM STATEMENT (up to 10 points)

Describe the nature and scope of the problem in your service area that this proposed project will address.

This must be a statement of the core, underlying problem.

A lack of resources is not, in and of itself, a problem.

HINT: Use SUPPORTING DATA section to provide stats that back up the problem description. Try to avoid bogging down your problem statement section with data.

# eGRANTS APPLICATION: TARGET GROUP (up to 5 points)

Describe the agencies, individuals, or other groups who will be served by the proposed project.

Include the size and basic demographics for the people served, challenges they face, and any other information relevant to the project.

Applicants should demonstrate that they understand their target group well enough to effectively carry out the project.

100

#### eGRANTS APPLICATION: PROJECT APPROACH & ACTIVITIES (up to 20 points)

Provide core information needed to understand the methodologies, approaches, and activities to be employed by the project.

Provide a rationale for choosing this particular model.

Include any relevant timelines.

Any therapy or licensed counseling provided should include a description of the modality/framework used.

The reader should be able to understand how the approach and activities tie to solving the stated problem.

HINT: Focus on what grant is paying for – extra info can cause confusion.

# eGRANTS APPLICATION: CAPACITY & CAPABILITIES (up to 5 points)

NOTE: Collaboration table in Addendum will also be used to evaluate this section.

Describe your agency's background, organizational capabilities, staff capabilities and qualifications (including contractors), and performance history to carry out this specific project.

If licensed or certified staff (including contractors) will perform work, describe required license or certification. Empty positions requiring a license or certification should be noted.

Briefly summarize any collaborative partnerships created for the purpose of the proposed project.

#### eGRANTS APPLICATION: PERFORMANCE MANAGEMENT (up to 20 points)

NOTE: This scoring factor based on info provided in eGrants Performanc Management section AND on info provided on eGrants Measures tab

- Describe project's goals and objectives.
- Describe methods, mechanisms, or tools used to generate outcome and output measures.
- Describe how your agency will collect, track, and maintain the relevant data needed to determine if the project is achieving its goals and objectives throughout grant period.
- Describe how data is analyzed.
- Describe what the baseline, or current state is, for output and outcome measures.

103

# ...MORE ON PERFORMANCE MANAGEMENT

Hints for addressing Performance Management:

- <u>Goals</u> focus on the target population and are broad statements that indicate the general intentions of the project to achieve some outcome.
- <u>Objectives</u> are clear, tangible, and specific:
  - To [reduce/increase/ enhance/etc.] [something], by [x amount], by [dd/mm/yy date].
  - A project can have multiple objectives.

104

# ...and MORE ON PERFORMANCE MANAGEMENT

Applicants should give confidence that the collected data will be accurate, maintained, and analyzed in a manner that enables agency to adapt to changing assessments of the problem or project performance, and to evaluate and document the project's effectiveness.

Data Collection ----> Data Analysis ----> Good Decision Making

Baseline hint: Baseline info is numeric and is the "current state" – it's a 12-month estimate of what you're doing now for the output/outcome measures. This helps the reader compare current levels to the projected target levels.

#### TIPS/TRICKS FOR eGRANTS MEASURES TAB

- Selecting an activity on the eGrants Activities tab will cause all outputs/outcome measures linked to that activity to display on the Measures tab.
- Estimate quantities for each measure that apply to the project or enter a "0" if a measure is not applicable.
- Measures should be estimates only of activities that occur during the project period and are achieved with grant funds.
- Make sure target levels cover the duration of the grant period!
- IMPORTANT! Per PSO CSE is the ONLY category in which custom measures may be created.

106

### eGRANTS APPLICATION: EVIDENCE-BASED PRACTICES (up to 5 points)

Describe the research or evidence used to select the methods, approach, and activities described in the other narrative sections.

Where possible, cite specific research, evidence, or published best/promising-practices model used as the basis for the project's design.

In case of an equipment or technology project, describe evidence or best/promising practices model to support the purchase.

If the project approach and activities are not based on existing evidence, you must describe why you believe the method to be promising.

107

#### LOCAL PRIORITIES (up to 10 points) CJ-JAG Equipment-Only projects: up to 15 points

- When assigning Local Priorities points, scorers will take into consideration the overall scope of the project and rate the degree to which the project addresses a local priority(ies).
- Ensure your project aligns with at least one priority.
- Refer to NCTCOG FY24 Local Priorities handout at <u>https://www.nctcoq.org/public-safety/criminal-justice/grant-application-workshop-information</u>
- NOTE: There is not a "Local Priorities" narrative section on the application or on the Addendum.

#### eGRANTS APPLICATION: BUDGET (up to 10 points) CJ-JAG Equipment-Only projects: up to 5 points

- Budget items should be eligible, reasonable, essential, and correlate to the goal and activities of the project.
- All budget line items must have sufficient detail to justify the item to be included in the project.

IMPORTANT! See Funding Announcement and Guide to Grants for list of unallowable costs

109

# COMPLETING THE BUDGET IN EGRANTS

Refer to PSO's <u>"User's Guide for Creating an</u> <u>Application"</u> and <u>"Guide to Grants"</u> for specific information on budgetary line items.

These documents are on NCTCOG's FY24 webpage and on PSO's Resource website at <u>https://egrants.gov.texas.gov/updates.aspx</u>

110

# eGRANTS BUDGET LINE ITEM: *PERSONNEL*

 Grant personnel positions must be on separate line items – don't combine two identical positions in one line item.

- Each personnel line item description should state the following:
  - the specific position title;
  - brief summary of position's responsibilities related to the project;
  - first and last name of the employee in that position (except for the volunteer line item), OR note if position is currently vacant, OR indicate as NEW if position will be created if application is funded;
     Full-time or part-time (with hours per week); and
  - annual salary and fringe benefits amounts.

# eGRANTS BUDGET LINE ITEM: *PERSONNEL continued*

- If applicable, include fringe benefits in the description. The line item description MUST have the fringe amount noted separately. For example: "\$50,000 annual salary plus \$15,000 fringe benefits." Don't include fringe benefits as a separate <u>line item</u>.
- The % of salary cell refers to the percentage of salary to be funded from the grant (including match, if applicable). See page 17 of eGrants User Guide for % of salary calculation formula.
- VAW applicants using volunteers as in-kind match:
  - The volunteer line item should include description of eligible services provided by volunteers; number of volunteer hours; and rate per hour to support the total.
  - If using volunteers with different valuation rates, please separate these into two separate line items.

112

### eGRANTS BUDGET LINE ITEM: PROFESSIONAL AND CONTRACTUAL SERVICES

- Each contracted service should be listed on a separate line item. If a contract includes several services, it should be explained in the line item description.
- Describe each contractual deliverable, rate, number of clients served if applicable, location where services will be performed, and a brief explanation and purpose for the contract.
- Contracting services out without going through a procurement process violates federal administrative regulations.
- Vendors or contractors should not be identified by name in the description unless you have gone through your agency's procurement process.
- Keep in mind, grantee defines contract deliverables, not the contractor/vendor!

113

#### eGRANTS BUDGET LINE ITEM: TRAVEL AND TRAINING

Each travel and training line item description must include:

- the purpose and description of the travel AND
- the applicant agency's travel guidelines along with the mileage, per diem, and lodging rates.

If known at time of submission, PSO prefers you describe specific conferences/trainings...and list those on separate line items.

### BUDGET LINE ITEM: TRAVEL AND TRAINING continued

- Out of state and international travel MUST include the following in the description:
  - how the event is related to grant activities
  - how attendance at the event will impact the project's goals and objectives
  - justification as to why agency personnel must go out-ofstate rather than attend a similar training in-state

115

# eGRANTS BUDGET LINE ITEM: EQUIPMENT

- PSO defines equipment as tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit cost of \$5,000 or more, or less if grantee chooses to capitalize items costing less.
- Equipment under \$5,000 should be placed in Supplies & Direct Operating Expenses.
- In equipment description, be specific on how equipment will accomplish the activities.
- Purchasing equipment without going through a procurement process violates federal administrative regulations. Your agency must have written Procurement policies.
- Vendors must not be identified by name unless you've gone through your agency's procurement process.
- If multiple units of the same item are to be purchased, the number and cost per item must be included in the line item description. (Example: 4 computers @ \$5,000 each.)

116

### More on Procuring Equipment or Contracted Services

From Office of Justice Programs (OJP) Financial Guide:

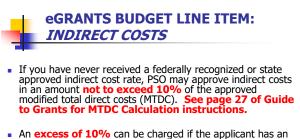

"For a specific procurement, you must exclude from bidding or proposal submission any contractors who have been involved in development of the procurement. For example, you must not accept bids or proposals from contractors who have developed or drafted specifications, requirements, <u>statements</u> <u>of work</u>, and/or requests for proposals for the procurement."

What does this mean? A potential vendor or contractor may **NOT** help you write the application.

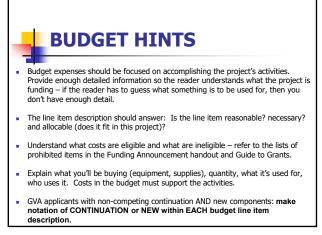

#### eGRANTS BUDGET LINE ITEM: SUPPLIES AND DIRECT OPERATING EXPENSES

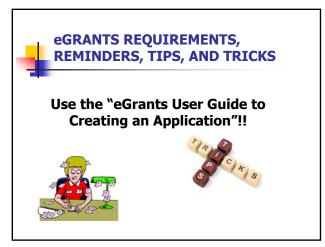

- Items with a per-unit cost of less than \$5,000, are <u>directly</u> related to the delivery of services and do not fall under one of the other budget categories should be itemized under supplies with a brief description and justification.
- This budget category also includes other direct costs such as leases for space, project supplies, office supplies, communications, utilities, etc.
- All costs must be prorated.
- NOTE: When calculating cost for space and utilities, ensure that costs are based on percent of square footage. You must indicate amount of square footage and rate per square foot in the budget description.

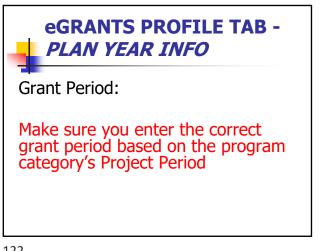

118

- An excess of 10% can be charged if the applicant has an approved cost allocation plan from their federal or state cognizant agency. Must be submitted to PSO for review.
- Provide a brief description of Indirect charges.

122

- What's a PRR? PSO grant managers will perform an in-depth compliance review on the eGrants application.
- The PRR review of an application requesting revisions does not guarantee funding nor is it meant to suggest the project will be funded.
- Your PSO grant manager may contact you for eGrants revisions before the application is scored and prioritized.
- The original submission of your eGrants application is the version that will be scored.
- A PRR is NOT performed on the Addendum.
- 127

# APPLICATION MELTDOWN PREVENTION

It's never a good idea to wait until February 9<sup>th</sup> to log into eGrants for the first time and/or start the NCTCOG Addendum.

Sending your draft to COG for technical assistance at 4:30 pm on February 9<sup>th</sup> is probably not a terrific strategy either.
