

AGENDA

SURFACE TRANSPORTATION TECHNICAL COMMITTEE

Friday, April 25, 2025

North Central Texas Council of Governments

1:40 – 1:50

3. Mobility 2050 and Conformity: Approval of Mobility 2050

Recommendations and Associated Transportation Conformity Results

☒ Action ☐ Possible Action ☐ Information Minutes: 10

Presenters: Amy Johnson and Jenny Narvaez, NCTCOG

Item Summary: A recommendation will be requested for Regional Transportation Council (RTC) approval of *Mobility 2050: The Metropolitan Transportation Plan for North Central Texas* and associated Transportation Conformity at the June Regional Transportation Council meeting. Staff will recap the plan's recommendations and present a brief overview of the Transportation Conformity analysis results. Plan information will include:

- Public comments received
- Changes to plan documentation
- Draft document contents, including policies, programs, and projects

The draft Mobility 2050 document and the draft recommendations are identified graphically and in tabular format and are available at www.nctcog.org/PlaninProgress. Additional information is provided in Electronic Item X.X and public comments received during the planning process are available in Electronic Item X.X.

Background: Mobility 2050 has been presented at Regional Transportation Council and Surface Transportation Technical Committee meetings throughout 2024-2025. Federal guidelines require the Dallas-Fort Worth region to update the long-range transportation plan a minimum of every four years. In addition, the current schedule allows the plan forecast to maintain at least 20 years into the future. *Mobility 2050: The Metropolitan Transportation Plan for North Central Texas*, must demonstrate federal Transportation Conformity and be financially constrained. The updated plan includes a new financial plan, updated demographics and technical analysis, updated project recommendation listings, and robust public involvement. The Clean Air Act requires Metropolitan Planning Organizations to perform an air quality analysis when a new Metropolitan Transportation Plan is developed to ensure the multimodal transportation system complies with applicable Motor Vehicle Emission Budgets established for the region.

Performance Measure(s) Addressed: Transit, Air Quality
