3. **FY 2022 Training.** NCTCOG staff will provide updates and solicit input for FY 2022 training events:

- a. **Basic Dry Weather Field Screening Training**

[The Basic Dry Weather Field Screening Training will occur on May 5, at the City of Irving's facilities. The City of Cedar Hill and Grand Prairie will lead the training session, with the City of Carrollton and Dallas also providing presentations. Registration for the training will be available shortly.](#)

- b. **Industrial Inspectors Workshop**

[The Task Force had previously determined that the general preference was for this training to get back on even years, and to be held in the fall. For this years training, the group determined that the preference would be for the training to be held in August or September. The City of Mansfield has volunteered to host the training at their facilities. The City of Dallas had previously volunteered to help lead the training, and the City of Cleburne volunteered to lead a tour or inspection. NCTCOG is still seeking volunteers for instructors, as well as reaching out to TCEQ to solicit a speaker.](#)
