

Stormwater Pollution Prevention & Illicit Discharge Detection and Elimination Roundtables

June 13, 2024

Agenda

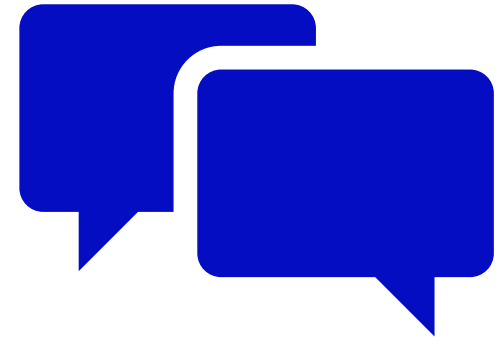

- Welcome and Introductions
- Pollution Prevention
 - FY24 Special Project Discussion
 - FY24 Training “BMP Show and Tell”
 - FY25 Work Program Discussion
- Illicit Discharge Detection and Elimination
 - FY24 Training Opportunities
 - FY25 Work Program
- Other Stormwater Updates
- Roundtable
- Next Meeting Date

Stormwater Pollution Prevention

FY24 Special Project Update & Discussion

- Updates to the templates for [Municipal Pollution Prevention BMP Posters](#)
- Delay on draft graphics, will be shared electronically in coming weeks
- Finalized shop posters to be posted on website
 - Remove old posters and replace with updated posters

FY24 Training “BMP Show and Tell”

Peer-to-Peer Information Sharing/Training Opportunity:

- BMP Show and Tell Roundtable
 - Presentations from:
 - Fort Worth
 - Mansfield
 - Prosper
- Date: Tuesday, June 18, 2024
- Time: 10:00 – 11:30 am
- Location: Microsoft Teams
- Registration: <https://evt.to/emoisgmdw>

FY25 Work Program Discussion

Municipal Pollution Prevention (P2)

- Local governments will lead by example if they are to succeed in changing the practices and habits of businesses and residents. The goal of governments should be to prevent or reduce pollutant runoff from municipal operations including streets, highways, municipal parking lots, maintenance facilities, storage yards, and waste transfer stations. This Task Force offers an opportunity for participants to learn from each other's programs and to coordinate efforts in meeting the training component of permit requirements. In support of this Task Force, NCTCOG will:
 - Conduct **at least three meetings ~~a minimum of 3 meetings~~** in a roundtable format **of the P2 Roundtable**, with a focus on training or other needs identified by the participants.
 - Coordinate one peer-to-peer exchange opportunity, such as a site tour/mock self-inspection **or a BMP Show and Tell**, as feasible.
 - Special Project for FY25: support a special project for FY2025, **if chosen**, by roundtable members.

FY25 Work Program Discussion

FY25 Regional Stormwater Management Program Work Program - [DRAFT](#)

Potential Training Opportunities:

- BMP Show and Tell
- Mock Inspection & Site Tour
- Other - as requested by members

Proposed FY25 meeting schedule: November, March, July

- Adjusted to evenly distribute throughout year

FY25 Work Program Discussion

Special Project (Optional):

- Optional and not required under bylaws.
- Ideas to be brought forward and voted on by members.

Other updates to P2 section of Work Program needed?

Voting draft FY25 Work Program to be held electronically.

Illicit Discharge Detection and Elimination

Illicit Discharge Detection and Elimination FY24 Training Discussion

Municipal Industrial Inspector Training

- Held on April 30, 2024, at Owens Corning Shingle Plant in Irving, TX
- 45 registered attendees from RSWMCC Member Communities
- Agenda Covered:
 - SIC/NAIC Codes
 - Phase I Industrial Inspection Programs
 - Tour & Mock Inspection of Facility

Illicit Discharge Detection and Elimination FY24 Training Discussion

Illicit Discharge Detection and Elimination FY24 Training Discussion

Illicit Discharge Detection and Elimination FY24 Training Discussion

Dry Weather Screening Workshop

- Planning for early October at the City of Denton
- Additional Volunteers Requested!
- Reminders and Registration to come in the following months

Illicit Discharge Detection and Elimination FY25 Work Program Discussion

Illicit Discharge Detection and Elimination (IDDE)

Local governments need an increased array of tools such as training programs, inspection methods, or monitoring and tracking procedures for addressing businesses and citizens that may be contributing to contaminated discharges in stormwater.

- Conduct at least three meetings **in a roundtable format** of the IDDE Roundtable, **with a focus on trainings or other needs identified by the participants.**
- Hold Dry Weather Field Screening Training and Industrial Inspectors Training, as feasible.
- ~~Conduct meetings in a roundtable format, with a focus on trainings or other needs identified by the participants.~~
- Special Project for FY25: support a special project for FY2025, if chosen, by roundtable members.

Illicit Discharge Detection and Elimination FY24 Training Discussion

FY25 Work Program Discussion

- Training Opportunities
 - Dry Weather Screening Workshop Schedule
- Special Project Ideas
 - Updated yard waste education material
 - Any need for model ordinances for enforcement of yard waste discharges?

Other Stormwater Updates

- Initial draft of the Stormwater Monitoring proposal for the Fifth Term is being reviewed by TCEQ – minimum of 60 days before we receive any feedback.
- NCTCOG will be providing an overview presentation to the TCEQ Stormwater Staff & EPA Region 6 in the coming weeks.

News

- Open for Public Comment - [2024 Draft Update](#) to the North Central Texas Water Quality Management Plan
 - Responses due: June 27, 2024
 - Email: EandD@nctcog.org.
