

NCTCOG PRESENTATION

511DFW Travel Information System

November 2024 Public Meeting

What is the 511DFW and its purpose.

511 is a three-digit phone number that provides real-time information about travel conditions, including highway conditions and transit agencies.

The 511DFW is available for the Dallas-Fort Worth region and is intended to help travelers make better decisions about their mode of transportation, time of travel, route, and Mobility Assistance Patrol. It is also available in English and Spanish.

511DFW Public Website

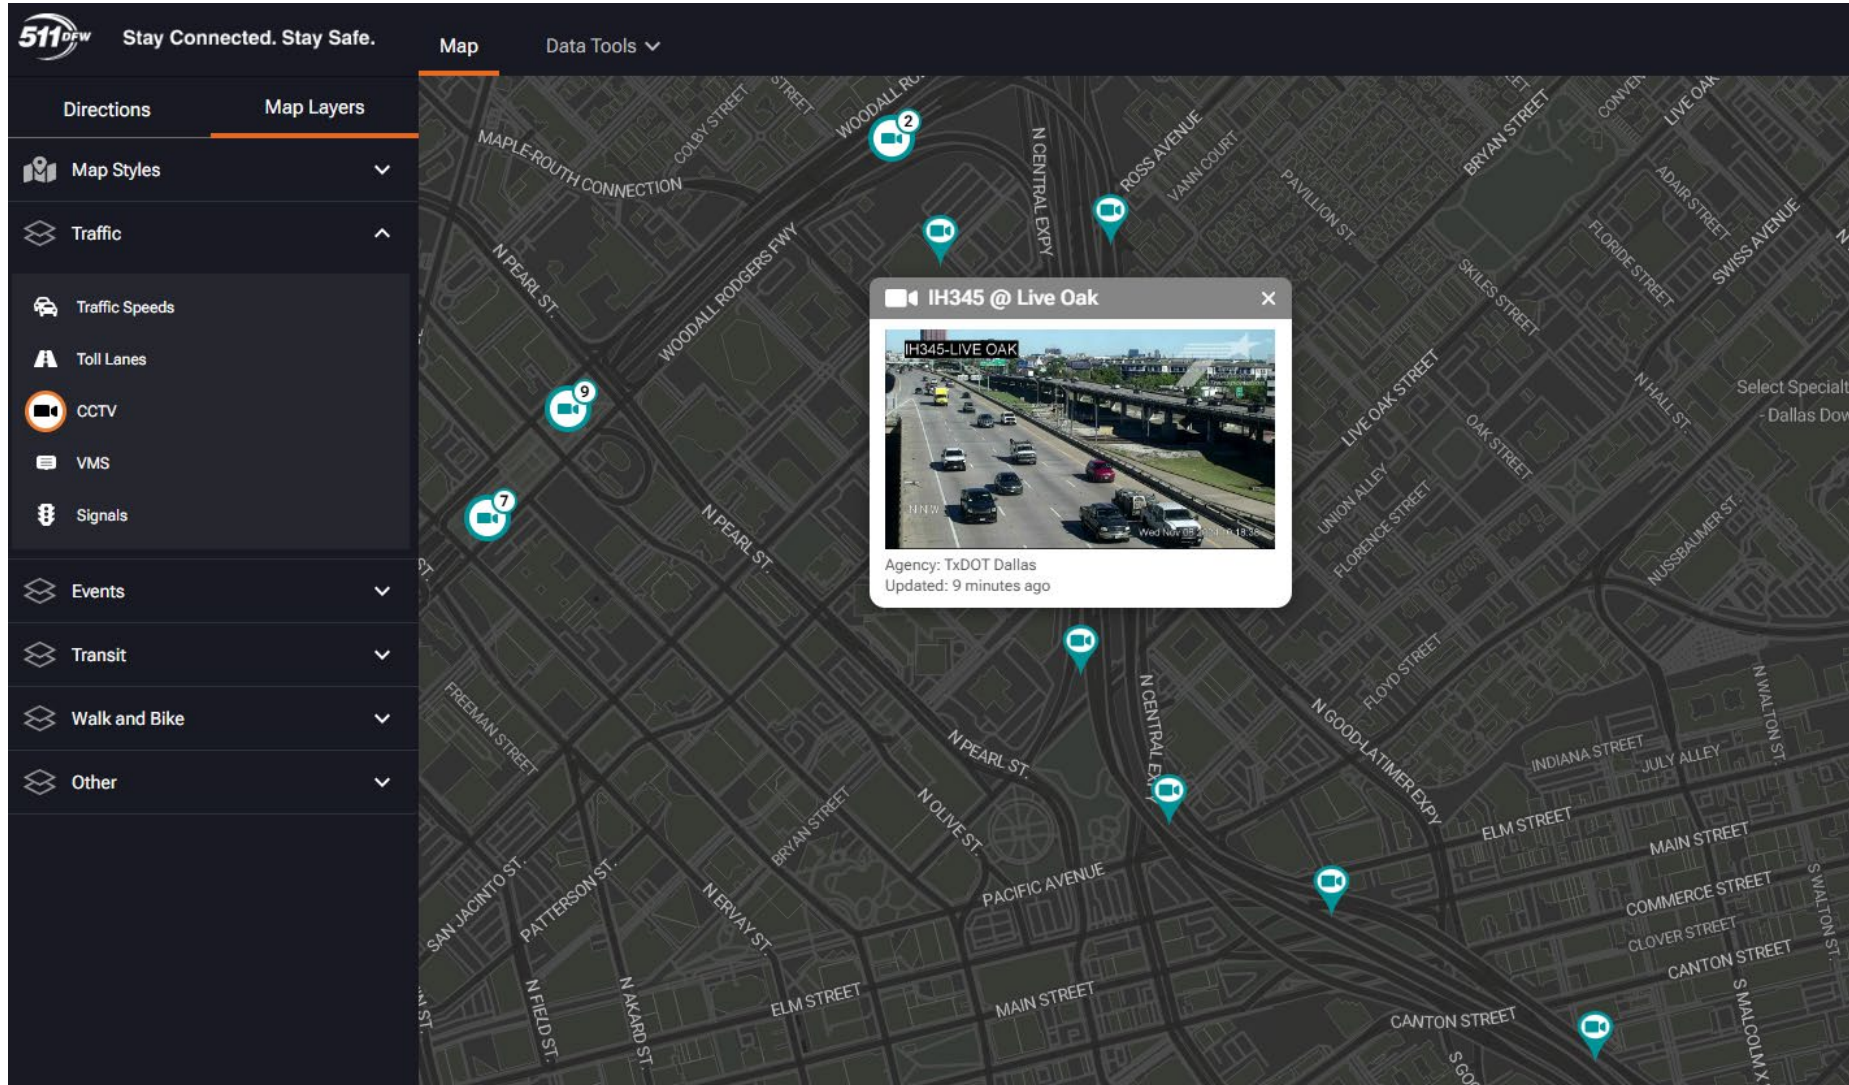

www.511DFW.org

Access to Walk & Bike paths

511DFW Public Website

Directions via Car / Transit / Walk / Bike

The screenshot displays the 511DFW Public Website interface. At the top left, the logo "511DFW" is accompanied by the slogan "Stay Connected. Stay Safe." and navigation options for "Map" and "Data Tools". The main content area is split into a left sidebar and a right map panel. The sidebar, titled "Directions", shows the start and end points: "Reunion Tower, 300 Reunion Blv" and "South Dallas, Dallas, TX". Below this, there are controls for "Leave Now" and "Options". A mode selection bar includes icons for "CAR", "TRANSIT" (which is selected), "WALK", and "BIKE". A list of transit routes is shown, each with a time range and duration. The first route is highlighted in orange and shows a path involving walking, bus 214, and bus 1023. The map panel on the right shows a dark-themed map of Dallas with a light blue line representing the transit route and a yellow line representing an alternative route. The map includes street names and highway markers.
