

AGENDA

Regional Transportation Council Thursday, June 12, 2025 North Central Texas Council of Governments

- 1:45 – 1:55** 6. **Mobility 2050 and Transportation Conformity: Plan Adoption**
- ☒ Action ☐ Possible Action ☐ Information Minutes: 10
- Presenters: Brendon Wheeler and Chris Klaus, NCTCOG
- Item Summary: Regional Transportation Council (RTC) approval of *Mobility 2050: The Metropolitan Transportation Plan for North Central Texas* and associated Transportation Conformity will be requested. Plan recommendations and a brief overview of the Transportation Conformity analysis results will be presented. Plan information will include:
- Public comments received
 - Changes to plan documentation
 - Document contents, including policies, programs, and projects
- Background: Federal guidelines require the Dallas-Fort Worth region to update the long-range transportation plan a minimum of every four years and to forecast at least 20 years into the future. *Mobility 2050: The Metropolitan Transportation Plan for North Central Texas* must demonstrate federal Transportation Conformity and be financially constrained. The updated plan includes a new financial plan, updated demographics and technical analysis, updated project recommendation listings, and robust public involvement. The Clean Air Act requires Metropolitan Planning Organizations to perform an air quality analysis when a new Metropolitan Transportation Plan is developed to ensure the multimodal transportation system complies with applicable Motor Vehicle Emission Budgets established for the region. The Mobility 2050 document and recommendations are identified graphically and in tabular format at www.nctcog.org/PlaninProgress. Additional information is provided in Electronic Item 6.1 and public comments received during the public comment period are available in Electronic Item 6.2. The draft resolution is included as Electronic Item 6.3.

Performance Measure(s) Addressed: Roadway, Air Quality
