DISCUSSION

2. **Regional Solid Waste Focus Area Survey.** NCTCOG will present the analyzed results from the Regional Solid Waste Focus Area Survey.

NCTCOG presented the results for the Regional Solid Waste Focus Areas Survey, sorted by city and county size. The presentation containing the sorted survey data can be found [here](#).

3. **Regional Solid Waste Management Plan Update.** The subcommittee will discuss next steps for updating Volume I and possibly Volume II of the Regional Solid Waste Management Plan.

NCTCOG and the subcommittee discussed the Regional Solid Waste Management Plan updates. NCTCOG updated the anticipated timeline based on feedback received from the subcommittee, including revisions to reflect the impacts of ongoing public health concerns and a new column that clarifies the responsible parties and assistance needed from the subcommittee. The subcommittee agreed that the goals, objectives, and implementation plan for Volume I should be better defined and drafted first before a decision is made on whether to update Volume II

NCTCOG suggested that additional regional surveys may be needed to gather information from collection facilities and other non-member operations to better outline regional goals for Volume I.
